

AP Chemistry
Syllabus
Week of December 3, 2018

Lots of people who complained about us receiving the MBE received theirs for heroism in the war-for killing people. We received ours for entertaining other people. I'd say we deserve ours more.

Life is what happens while you are making other plans.

I've had the boyhood thing of being Elvis. Now I want to be with my best friend, and my best friend's my wife. Who could ask for anything more?

Interview for KFRC RKO Radio, given 8 Dec. 1980, the day of Lennon's murder.

All quotes are by John Lennon

Schedule:

<i>Day</i>	<i>Date</i>	<i>Topic</i>	<i>Reading</i>
Monday	12/3	Solids	
Tuesday	12/4	Vapor Pressure	
Wednesday	12/5	Vapor Pressure	
Thursday	12/6	Phase Diagrams	
Friday	12/7	Discussion Section	

Problem Sets:

Page 475 # 29-38, 71-72, 91-94

Announcements:

There will be no lab this week. You have a formal lab report due on Monday for the chromatography lab.

I would begin your preparations for final exams this weekend. Start reviewing all of your lecture outlines and your old tests. I do think that you should be reading also. The final exam is a mix of multiple choice and free response questions. There will be a total of 200 points. You may bring one page of notes that are handwritten.

If you missed one (or more) of the ACS quizzes this term you will get an interesting opportunity to make them up. Whatever score you get on this week's quiz I will use that score to replace all of your missing quiz scores for the term. Study hard! The topic is once again bonding and Lewis Structures.

If you missed any of the previous extra credits there will be an amnesty on Monday 12/3 for you to bring in whatever it was that you missed. This does not apply to the weird ones like the notebook check. Just any of the ones where you brought something in. Please bring it before school on Monday.

The last extra credit of the term is one ream of legal size paper for two people. This will be worth 20 points.

Next Week:

Schedule:

<i>Day</i>	<i>Date</i>	<i>Topic</i>	<i>Reading</i>
Monday	12/10	Chapter 10 Test	
Tuesday	12/11	Final Exams Period 1-2	
Wednesday	12/12	Final Exams Period 3-4	
Thursday	12/13	Final Exams Period 5-6	
Friday	12/13	A Visit from Father Chemistry	

Problem Sets:

There are no problem sets due this week.
