**Announcements:**

First things first! No after school lab will happen this week! I made a calendar mistake when I said they start this week. There is an in class lab this week which goes into your lab book and requires a formal lab report. It is called Gravimetric Analysis.

Please log into your Khan Academy account and check what name you listed for your user name. If you used anything that I can't immediately recognize as your name change it today!

The formal report for the electrochemical series lab is due on Tuesday 9/4. There are reading assignments this week.

**Next Week:**
